* Prepared by the Colorado Department of Labor and Employment. Averages are based upon data for full and part-time production and related workers, including the nonsupervisory employees and working supervisors who were employed during the pay period including the 12th of the month. These average earnings are computed on a "gross" basis and may reflect changes in premium pay for overtime and late shift work as well as changes in basic hourly and incentive wage rates. Average hourly earnings are not wage rates but are averages of gross earnings of all employees below the administrative level. Produced in cooperation with the Bureau of Labor Statistics.

** Metropolitan Statistical Area includes Adams, Arapahoe, Denver, Douglas and Jefferson Counties.
